

USE OF FUNDS IN THE 21ST CENTURY WORLD ECONOMY

AS OFFERED BY THE

TEXAS HOLDINGS, INC 2016 BUSINESS MODEL

NON-DEPLETION USE OF FUNDS

TEXAS HOLDINGS, INC has prepaid for products and services offered by SUPPLIERS.

SUPPLIERS contracted and prepaid by TEXAS HOLDINGS, INC may purchase products and services, of any value, from any vendors that TEXAS HOLDINGS, INC may determine, for delivery to TEXAS HOLDINGS, INC or assigns.

HOWSE SERVICES, INC owns financial assets that it uses as collateral for credit with TEXAS HOLDINGS, INC.

HOWSE SERVICES, INC may order any product or service, of any value, from TEXAS HOLDINGS, INC.

If you have funds in any form as shown in CASH OR MONEY, you may negotiate to use your funds as credit, up to the value of your funds, to order any product or service from HOWSE SERVICES, INC.

See <http://www.change2100.com/THIBMART/CASH OR MONEY.pdf>

Once you have placed an order with HOWSE SERVICES, INC., you may resell the products and services to any entity, receive payment from that entity, and pay HOWSE SERVICES, INC. for delivery to be made as may be negotiated.

By increasing the price over what you are required to pay, you may accrue profits, which you may use for any purpose.

Thus, by using your funds for credit with HOWSE SERVICES, INC, placing an order, and reselling the items ordered, you may continually accrue profits to be used for other purposes, without depleting your funds!

DOING BUSINESS WITHIN A DEPOSITORY

In today's economy, there are many depositories that allow you to have value registered in accounts, and you may invite other parties that you choose to do business with, or to make payments to, to open accounts within a depository that you may select, so that value may be transferred from your account to accounts for said parties.

MOVING FUNDS FROM ONE MODE OR DEPOSITORY TO ANOTHER

In today's economy, there are many forms of "current funds in lawful money" and many entities that allow for deposit of and accounting for funds, but movement of value from one mode and/or from one depository to another mode and/or another depository often may seem difficult if not practically impossible!

But, using protocols as per CASH OR MONEY, you may exchange value in any mode or in any depository to any other mode and/or any other depository.
